Description:

Hanger #1 units 5 and 10 at the Fremont County Airport 1V6. 2 T hangers with office space, class room area and storage or additional office and class room area upstairs. Hangers have a 43' electric bifold door with 12'6" clearance. There is an office heater and a radiant tube heater in the hanger area. Hangars are wired and lighted. Could be a perfect space for a aircraft mechanic or a flight school. End use must include an aviation application. Sale is for improvements only no real estate, ground is leased from Fremont County Airport and sublet from Pro-Av Hangars. Fremont County Airport is a thriving general aviation airport with easy access in and out and a full time County managed FBO.
