Width 45 Depth 45 Height 15-25'

Description:

A rare and large box hangar is now for sale at KCFO. Approximately 45' x 45' with a door opening approximately 18' tall. The hangar already has power, water, sewer and heat installed. Small kitchenette and bathroom with shower already constructed. There is space above the bathroom for a small loft. Tenant in place will need 30 days cancelation notice. These don't come up for sale very often and I don't expect it to be on the market long.
