**Description:**

CBRE is pleased to offer approximately 10,000 SF of hangar space for lease inside a brand new ±16,655 SF aircraft hangar at the Skagit Regional Airport. The facility is currently under construction, with an estimated completion date of February 2023. This secure and gated facility will include a reception area, office/garage space, and private parking. The owner will be storing their own aircraft in the facility, and is looking for tenants who are in need of secure, first class hangar space in the crowded Western Washington hangar market.
