Hangar for Rent, Premium Climate Controlled Private  
Hangar Space in Conroe, TX

[info@cxohangar.com](mailto:info@cxohangar.com)

\$0.00

206A S Loop 336W #293,

---

#### Description:

Conroe-North Houston Regional Airport is your aviation gateway to The Woodlands, Spring, and the Greater Houston area. The airport serves business and recreational travelers with two runways, two FBOs, multiple instrument approaches, and an on-site US Customs Station for international flights.

Our private aircraft hangars are located at the CXO Airport and have solid steel construction, quality lighting, and 24-hour climate control, keeping your investment safe and secure.

With over 5,000 square feet of combined hangar space, we can accommodate piston, turboprop, or jet aircraft including many models of King Air, Citation, or Learjet Aircraft.

The motorized, bi-fold hangar doors open and close with the touch of a button. There is quick and easy access with a coded entry automatic gate. The hangars feature WiFi and a community restroom for your convenience.

We have space available for transient or month-to-month rental. Pricing is dependent on square footage of aircraft footprint.

The fastest way to reach us is through our contact form at <https://www.cxohangar.com/>
