**Description:**

Unique opportunity to own at Taunton Municiple Airport. This steel structure was built in 1985, and it is perfectly located for your planes to taxi right on to the runway. The building has 4 parking spots and can hold 3-4 planes depending on the type of aircraft. 54 foot electrical door with a height of 16 feet. The airport has a new state-of-the-art terminal building under construction and is opening soon.... Call for more details.
