Width 56'0 approximately   Depth 46'0 approximately   Height 22'0 approximately

**Description:**

Only one will take ownership of this Apex / Legacy Hangar property

situated in the premier location adjacent to Charlie-2 at Centennial Airport, our hangar has territorial views of the Rocky Mountains, and all runways in and out of Centennial.

are people travel from all over the country to see this Hangar and we have always welcome them. We are told this is the nicest Hangar at Centennial and "the hangar has its own unique ecosystem". This could be yours.

This Apex property was carefully crafted for high end, entertainment, family, friends, clients and aviation enthusiast. This is the finest place to get away, and enjoy a peaceful environment in a high security airport, located both in the heart of the city, and Denvers business community.

Includes pilot, rest area, two pilot lounges, two bathrooms with showers, large living room, large kitchen with high volume cabinets and high end appliances.

Please contact me directly while I wait for a broker to listen this property. I will consider non-contingent bids only. Please, serious inquiries – the qualified buyer knows what is offered here.

I am able to show the hangar April 14 and 15th to non-contingent buyers.

Kindest regards,

Greg
