Description:

Don't miss your opportunity to buy a 41x40 hangar at BZN Airport. Door height is 10'7" and door width is 40'9". Buyer to verify. Spray foam insulation, currently heated with electric heater that costs around \$150.00 a month keeping the hangar at 50 degrees. Concrete was poured in 2020 with radiant heat tubing installed for eventual floor heating if desired. Plumbing was put in the floor for a bathroom buildout in the future. Seller is a licensed real estate agent.
