\$340000.00

200 Gunning Rd,

Width 80 Depth 50 Height 16

Description:

R&M Steel framed 50' x 80' HANGAR located 40 minutes from downtown Spokane and 35 minutes from the Columbia River at Davenport Airport (68S) - a 3,260' long asphalt runway. This well-built hangar sits on an oversized lease parcel with a non-reversible clause and a concrete pad able to support all your needs plus, it's stubbed for city sewer/water and gas/electric is available too. The beautifully designed manual Horton Stack Door system, constructed to withstand the strongest of winds, has a 14' door height and is 66' wide. An excellent hangar at an affordable price with the option to build-out and customize to your needs moving forward.
