Description:

Large heated hangar at KRLD with transient or monthly rental spaces available. This year we upgraded our 14,400 sq. ft. operations hangar to include bathrooms, a pilot lounge/ snooze room, business center, and passenger lounge to better serve transient and tenant aircraft from single engine pistons to King Air/Citation size aircraft through our 60X17ft door. Our tug is also equipped with an extension to handle PC-12/TBM's.

Our pilot lounges can be accessed 24/7 and tug/hangar services are available after hours with a call out fee.

Jet A and 100LL can be delivered through Sundance Aviation on our ramp.
