Description:

Looking for the perfect spot to keep your plane? Check out this awesome new hangar at Pocatello Airport. It's been built with care and has everything you need for your aviation setup. Here are the highlights: Size: 43 feet wide, 50 feet deep, and 14 feet tall. Bi-Fold Door: 40 feet wide and 14 feet tall for easy plane access. Lighting: Six bright LED lights to keep things well-lit. Power: Comes with two electrical outlets for convenience. Construction: Built with a sturdy pole-frame design to last. Located right in the heart of Pocatello Airport, this hangar is perfect for pilots and aviation lovers. It's practical, durable, and super convenient. Don't miss your chance to grab it! Get in touch to schedule a viewing and see it for yourself. Your plane deserves a great home! ??
