Description:

This clean, spacious 6,000-square-foot stand-alone airplane hangar is the perfect space for housing up to three small planes or operating an aviation business*. Constructed with a durable all-metal structure and equipped with a fire suppression system, this commercial property offers both safety and convenience. With very easy runway access, you're just feet away from the fueling area, main office, and control tower, ensuring seamless operations. Inside, you'll find a ready room with a kitchen, two bathrooms, and plenty of space to accommodate your needs. Plus, on-site vehicle parking makes access effortless for you and your team. Whether you're seeking secure aircraft storage or a prime location for your aviation business, this hangar is an exceptional opportunity! *Aviation Businesses must be approved to operate by airport management.
