Hangar for Rent, Evanston WY Park City, UT Area Heated
FBO Hangar

307-789-2256

\$0.00

mlasalle@evanstonaviation.com

2160 County Road 111,

Width 80 Depth 125 Height 18

Description:

45 minute drive from the outskirts of Park City, UT. Shared space in my FBO Heated hangar, large enough for King Air 350, Citation XLS size aircraft. ILS and RNAV approaches to a 7300x100 runway. Avoid the hassle of SLC and the bite of the fuel price at the resort airport. Drive a little and save a lot.
