**Description:**

CBRE is pleased to offer this exceptional opportunity to pre-lease approximately 200,000 SF of MRO hangar facilities at the Lakeland Linder International Airport. The hangars will be large enough to accommodate Boeing 737 to 777 sized aircraft, and the strategic location of the site at the Lakeland Linder International Airport makes this an ideal opportunity for MRO operators. The aviation sector has grown exponentially in the Florida market in recent years, and it is widely recognized as a thriving hub for MROs, flight training, aircraft manufacturing, aerospace, and air cargo operations. The region is also home to a skilled aviation and aerospace workforce, with a large pool of qualified aviation professionals across many sectors of the industry.
