Hangar type (Model)

Description:

Hangar is wood framed with steel exterior and roof, 14' high bi-fold door. Man door on side. Cement slab floor and apron in front. Hangar has rear and upper side windows for extra natural light. Wired for both 110v and 220v. Built in 2008 and unused to date. 5245 sq. ft. owned lot. No leased premises. Hangar can be used for all sorts of storage - aircraft, RV, boats, stuff. Great 3500' grass strip. Maintenance facility on field as well as some residences. Located in the lush Ferndale area (just 3 miles NE of Bigfork) with fantastic views of the very nearby Columbia Mountain range. See www.MontanaLandAndHome.com
