**Description:**

CBRE is pleased to offer this opportunity to purchase a 37,400 square foot privately owned, state of the art hangar and office facility in Klamath Falls, Oregon. The facility includes its own 40,000-gallon fuel farm, office space, complete maintenance bay and shop, passenger lounge and all supporting facilities. The airport has a 10,301 foot runway located on the California/Oregon border, and is just a 45 minute flight to the Bay Area. This is a great opportunity for a flight department, aircraft maintenance operation, MRO, air medical, forest service, or other aviation related operation.
