Description:

I have some space available in my hangar at Whiteman Airport that would comfortably accommodate a 2-seat Lancair or other similarly small sized aircraft or light sport. The hangar is located on the airfield which is patrolled by airport security 24/7 and accessible only via key card through a double gate. The hangar has lighting and power and close access to a restroom. Fuel and wash facilities are available nearby as well.

Rent is \$400 per month on a month-to-month basis and \$400 security deposit is required.

This space is available only for airplanes or aircraft, please do not contact me regarding storage of any other items. Ready to fly, project, or just storage of the aircraft is fine.
