Description:

Rustic ranch style home attached to an airplane hangar at Prop Wash private airport for the flying enthusiast! Beautiful 4 bedroom home with gourmet kitchen, game room and a split bedroom floor plan with 3656 sqft. There is a storm shelter for extra safety and a water filtration system that filters the water to the entire house.. The Hangar has the remaining square footage and contains a Workshop with electricity, DJ sound system, basketball court. In the workroom there are stairs that lead to a loft that would be great for parties, workout equipment, or extra storage. The hangar is made up of movable panels that can be completely opened to allow plane access.
